year	SPC course title	O1. Architecture, Science, Technology, and Fine Art	Mistory and Culture of Global Architecture	History of Korean Architecture and Tradition	Architecture and Society	Muman behavior and Spaces	Sustainable Architecture and Urbanism	07. Architectural Communication	08. Form and Spatial Organization	09. Research and Analysis	10. Site Planning	11. Accessible Design	12. Safety and Fire Protection	13. Integration of Building Systems in Design	14. Design of Adaptive Reuse	15. Architecture and Urban planning	16. Comprehensive Design	17. Principles of Building Structure and Structural System	18. Environment Control Systems	19. Building Service Systems	20. Application of Digital Technology	21. Building Materials and Methods	22. Building Construction and Construction Management	23. Ethics of Architects and Professional Responsibility	24. Architects Role in Project Execution	25. Operation and Management of Architectural Practice	26. Building Codes and Regulations
